BETTER UX & USABILITY

Quick Menu

LG has created a new Quick Menu (version 3.0), making it easier and more user friendly than ever. A creation tool enables production of hotel promotional videos.

Compatibility with AV Control Systems

This LG TV has Crestron Connected Certification, a function that is dedicated to meeting room and that meets the growing need in corporate meeting space market.

DPM (Display Power Management)

From now on, you can configure the DPM^(Display Power Management) function by setting the function to on. When there is no signal, the TVs enters to DPM mode to manage power efficiently.

* It is a network based control system.
Available AV control systems may differ by regions.

VALUE ADDED FEATURES

USB Data Cloning

USB data cloning makes managing multiple displays more efficient for optimal operation, since users don't have to set up each display one by one. Once users copy data to a USB in one display, it will be easily distributed to others through a USB plug-in.

Time Scheduler

Create your own time scheduler of your Commercial TV. Once you set opening / closing hours and holidays, the TV will turn on/off according to work schedule.

External Speaker Out

Enhance the entertainment experience by adding an additional speaker. Guests listen to and control the TV audio from anywhere in the business areas, including restrooms.
